## EDUCATION

### Indian Institute of Information Technology, Bhagalpur

Aug 2023 – May 2027

B.Tech in Computer Science and Engineering

Bhagalpur, India

– CGPA: 8.5/10 | Latest SGPA (5th Sem): 8.83/10

– Relevant Coursework: Data Structures and Algorithms, DBMS, Operating Systems, Computer Architecture

### Heritage International School (CBSE)

Completed: 2023

Senior Secondary (Class XII) and Secondary (Class X)

Kanpur Nagar, India

– Class XII: 92.4% (98th percentile in Computer Science) | Class X: 94.4% (School Topper)

## TECHNICAL SKILLS

**Programming Languages:** Java, Kotlin, C++, SQL, Python

**Frontend Development:** ReactJS, Jetpack Compose

**Backend Development:** Spring Boot, Microservices, JWT Authentication, System Design

**Databases & Caching:** MySQL, MongoDB, Firebase Firestore, Redis, SQLite, JPA/Hibernate

**DevOps & Cloud:** Docker, Kubernetes, CI/CD Pipelines, AWS, Git, GitHub

**Tools & Libraries:** Postman, Gradle, Android Studio, JUnit, Mockito, Figma, Agile/Scrum

## PROJECTS

### DocDash — Healthcare Backend API

Oct 2024 – Jan 2025

Scalable REST API backend for a multi-role healthcare platform (Admin/Doctor/Patient)

– Tools: Java, Spring Boot, MySQL, JPA/Hibernate, JWT, Redis

– Designed a production-ready REST API system with modular layered architecture (Controller/Service/Repository), exposing 10+ endpoints with JWT-based authentication and role-based access control for 3 distinct user roles

– Built a structured doctor verification workflow with admin approval gates, enforcing data integrity and reducing onboarding errors; backed by optimized MySQL schemas with indexed relational tables for high-throughput queries

– Developed appointment booking and management APIs with full CRUD support via JPA/Hibernate, ensuring secure, testable, and scalable backend design ready for production deployment

### SparkSmart IIITBH

Mar 2025 – Jun 2025

Full-stack campus generator management system serving 550+ users

– Tools: Kotlin, Firebase Firestore, REST APIs, FCM, MVVM, Jetpack Compose, Docker

– Architected a real-time data pipeline on Firebase Firestore supporting concurrent read/write operations for 500+ users; implemented data-driven scheduling APIs that reduced generator fuel consumption by 22%

– Designed role-based access control (Admin/Operator/Viewer) enforced at the backend layer via Firebase Authentication and Firestore Security Rules, achieving zero unauthorized data access

– Engineered automated PDF report generation pipeline producing 150+ weekly reports, saving 15+ staff hours/week; integrated FCM notification service delivering critical alerts under 5-second latency, cutting equipment downtime by 40%

## ACHIEVEMENTS & CERTIFICATIONS

### Competitive Programming

LeetCode Knight | CodeChef 3-Star | 700+ DSA Problems Solved

2023 – Present

– **LeetCode Knight** with rating **1873**; **CodeChef 3-Star** with max rating **1634**; solved **700+** problems across arrays, DP, graphs, trees, and system design patterns

– Strong problem-solving foundation directly applicable to building high-throughput, low-latency backend systems

### Amazon ML Summer School 2026

Selected among India's most competitive ML program (~2-4% acceptance rate)

2026

– Shortlisted from **1,34,000+** applicants nationwide, of whom only **31,800+** advanced to the selection test; selected into the final cohort of **3,000** for intensive ML training led by Amazon scientists

### Hackvega 2.0

Secured 4th Position among 47,795 registered participants

2026

– Ranked **4th out of 47,795** participants nationwide in HirePro & MyCareernet's HackVega 2.0, an individual competition spanning aptitude & logical reasoning, technical coding, and live AI-assisted coding rounds

### Certifications

Backend, Systems, and Software Engineering Credentials

2024 – 2025

– **Forage:** JPMorgan Chase SE Virtual Experience | **ServiceNow:** Certified System Administrator (CSA) | **ServiceNow:** Certified Application Developer (CAD)

## POSITIONS OF RESPONSIBILITY

### Academic & Coding Mentor, IIIT Bhagalpur

2023 – Present

– Mentored 25+ juniors in DSA and Android; ran doubt sessions and guided project structure for placement prep

### Core Member, Animation Club (IIIT Bhagalpur)

2023 – Present

– Conducted workshops; mentored 30+ juniors on design/animation fundamentals; supported event execution
